This chart reflects the Max rate. This chart was produced October 2015.

2006 through 2012 DOIs: Max rate = 1%-69% = \$230; 70%-99% = \$270; Min Rate = \$130. The 15%↑ & 15%↓ applies to DOIs 2005 - 2012.

This chart reflects the 15%↑ & 15%↓ on DOIs 2006-2012. The 15%↑ & 15%↓ on this chart are calculated at 60 days from P&S date. However, the 15%↓ varies depending upon when ER w/ 50+ EEs offers a job. Also the 15%↑ & 15%↓ varies if the PD begins to accrue before the P&S date.

2013 DOIs: Max rate = \$230 if PD <55%; \$270 if PD = 55% to 69%; and \$290 if PD = 70% to 99%; Min rate = \$160

2014 through present DOIs: Max rate = \$290 regardless of level of PD; Min rate = \$160
